Introduction

This How Do I? document has been created to help and support schools through a number of Risk Protection Arrangement (RPA) processes.

Who we are working with

TopMark Claims Management Ltd

[TopMark Claims Management Ltd](#) handle RPA claims on behalf of the Department for Education.

Email: rpa@topmarkcms.com

Phone for emergencies and urgent incidents (excluding overseas travel) 03300 585 566

TopMark Customer Promise

TopMark are delighted to have been appointed by the Department for Education (DfE) to administer claims under the (RPA).

We are committed to providing a speedy, effective and high-quality service and will provide all members of the RPA with support, advice and regular communication, both pre, and post, the claims process.

In all our dealings with you, we promise to:

- Communicate clearly, effectively and regularly so you know what is happening, at every stage, and what the key milestones are.
- Tell you what is required of you, from the outset, so quick and accurate decisions can be taken.
- Deliver an excellent customer focused service that is professional, polite, fair and prompt.
- Be objective, flexible and work in partnership with you to resolve claims.
- Promptly respond to any requests or questions you have.
- Speedily make any compensation payments to which you are entitled.
- Protect the security and integrity of your data and information at all times.

To achieve this, we will:

- Provide an efficient, well resourced, customer focused and experienced claims team.
- Measure the quality and speed of our performance regularly to ensure high standards are maintained.
- Invite constructive feedback from you and other stakeholders to continuously improve the customer experience.
- Provide 24-hour ongoing support for your claims and service needs.
- Work with a diverse pool of experts to advise and guide you through every claim scenario.
- Put an infrastructure in place for prompt attendance on site and advice for major and emergency claims.
- Place paramount importance on maintaining your privacy and confidentiality by aligning to the highest security, cyber essentials and GDPR standards.

Your role in the claims process

- Please immediately notify us of any urgent incidents.
- When making a claim, provide your Unique Reference Number (URN), contact information, and as much relevant detail, supporting information and documentation as you have available.
- When contacting us, thereafter, quote your assigned reference number (this will have been provided when we acknowledged receipt of your claim).
- Allow us adequate opportunity to review, consider and respond to any query or request.
- Notify us of any changes to the supplied information, as soon as possible.

Claims Process

Once received, each claim will be added to our system and assigned to a specific claims handler.

An acknowledgement will be sent to you within three working days providing you with your dedicated claims handler's contact details and the assigned claim reference. We will also explain how we intend to progress your claim.

At any point during the claims process, if you require clarification, guidance or information, then please do not hesitate to contact us on 0330 058 5566 or via e-mail to rpa@topmarkcms.com . We will be happy to assist.

The dedicated RPA email inbox (rpa@topmarkcms.com) will be monitored 09:00 till 17:00 Monday to Friday and we will acknowledge, by phone or in writing, all member enquiries within two working days.

Settlement

Subject to meeting various criteria, and while we are accountable to the RPA Administrator, we have delegated authority to settle claims on their behalf.

If we intend to make a payment to someone who is claiming against you, we will do so within our delegated authority limits. Once a claim has been settled, we will notify you of the outcome.

Complaint Procedure

We aim to provide an excellent service but if you are dissatisfied with our service, then please do not hesitate to contact us. We will do our utmost to explain and quickly arrive at a satisfactory resolution.

Should you wish to make a formal complaint, please submit this in writing to rpa@topmarkcms.com

The complaints process and the timescales within which we will respond can be found in the [RPA membership rules](#).

Claims Against You - MoJ Claims Portal

TopMark Claims Management is committed to helping you as a Member of the RPA to contain the costs of any claims made against you.

Third parties and employees who believe that they have been injured through the fault of an RPA Member can make lower value (£1,000 to £25,000) personal injury claims directly against you through a mechanism called the Ministry of Justice (MoJ) "Claims Portal".

The MoJ Claims Portal is a separate and additional system to the two existing portals with which you will already be familiar.

These two existing portals are:

1. The TopMark Claims Management incident reporting online portal. Further information can be found here: <https://www.rpaclaimforms.co.uk>
2. The Willis Risk Management Blue portal. Further information can be found here: <https://access.willis.com/site/education/SitePages/Home.aspx>

Whilst the TopMark Claims Management and Willis portals are for your use as an RPA Member, the MoJ Claims Portal, is used by 'third parties or their solicitors' to submit claims against you the RPA Member (and also non-RPA Academies and local authorities). It is important that claims notified through this Claims Portal mechanism are identified as early as possible by TopMark Claims Management, so that we can investigate thoroughly and mitigate the risk of any cost penalty associated with this claim without any delay. The claimant or representative from the third party or their solicitor will access the Claims Portal directly to submit their claim against you.

A person or organisation making a claim against you must take reasonable steps to understand the details and Portal ID of the defendant to make this claim. As an RPA Member, this will be administered by TopMark Claims Management and we therefore advise that you put something on your website to direct any claimant as appropriate to the correct Portal ID.

We suggest that the following text and link be included on your website:

“If a Third Party or Third-Party representative wishes to make a Public Liability (injury) or an Employer’s Liability (injury) claim, it should be submitted through the MoJ Claims Portal using the TopMark Claims Management Ltd ID – D00073. The compensator should be marked as ‘Department for Education – RPA only

www.rpaclaimforms.co.uk/mojportal”.

If anyone has any questions regarding the information above, please email us at rpa@topmarkcms.com

Insurance Requirements During Refurbishment

This note applies to situations where an RPA Member requires alteration or refurbishment work to its property.

RPA cover during refurbishment works

The RPA will continue to provide cover for Member property (buildings and contents) whilst refurbishment works are being undertaken. Cover will continue to be for the full reinstatement value of the property and there is no requirement to notify the RPA that works are being undertaken. The RPA will also extend to cover loss or damage to the contract works, to a limit of £250,000 any one claim.

RPA Members will need to review and amend as necessary any contract terms with its chosen contractor. A number of industry standard clauses in contracts for refurbishment work oblige the RPA Member to take out insurance cover for the existing structures and contract works in joint names with the contractor for the period of the agreed works.

Joint Names Insurance/Subrogation

Subrogation is the right of one person, having indemnified another under a legal obligation to do so, to stand in the place of that person and pursue, in the indemnified person's name, a recovery action against the entity responsible for the insured loss or liability.

Where insurance cover is in joint names or a waiver of subrogation has been provided to a specified third party (e.g. contractor) by the insurer the insurer is prevented from pursuing rights of recovery in the name of the insured party against that specified third party.

Generally, whenever the RPA pays a claim the RPA accepts/assumes the rights of the RPA Member in any rights of recovery that the Member may have. If the damage or loss was not the Member's fault, the RPA can seek to recover the claim value from the third party (e.g. contractor) deemed responsible for causing the damage.

RPA Members cannot agree to insure either the existing structure or contract works in 'joint names' with the contractor, nor can it agree to obtain a waiver of subrogation from its insurer. RPA is not insurance and is unable to provide 'joint names' cover or waive subrogation rights against any party including the contractor.

Possible Solutions

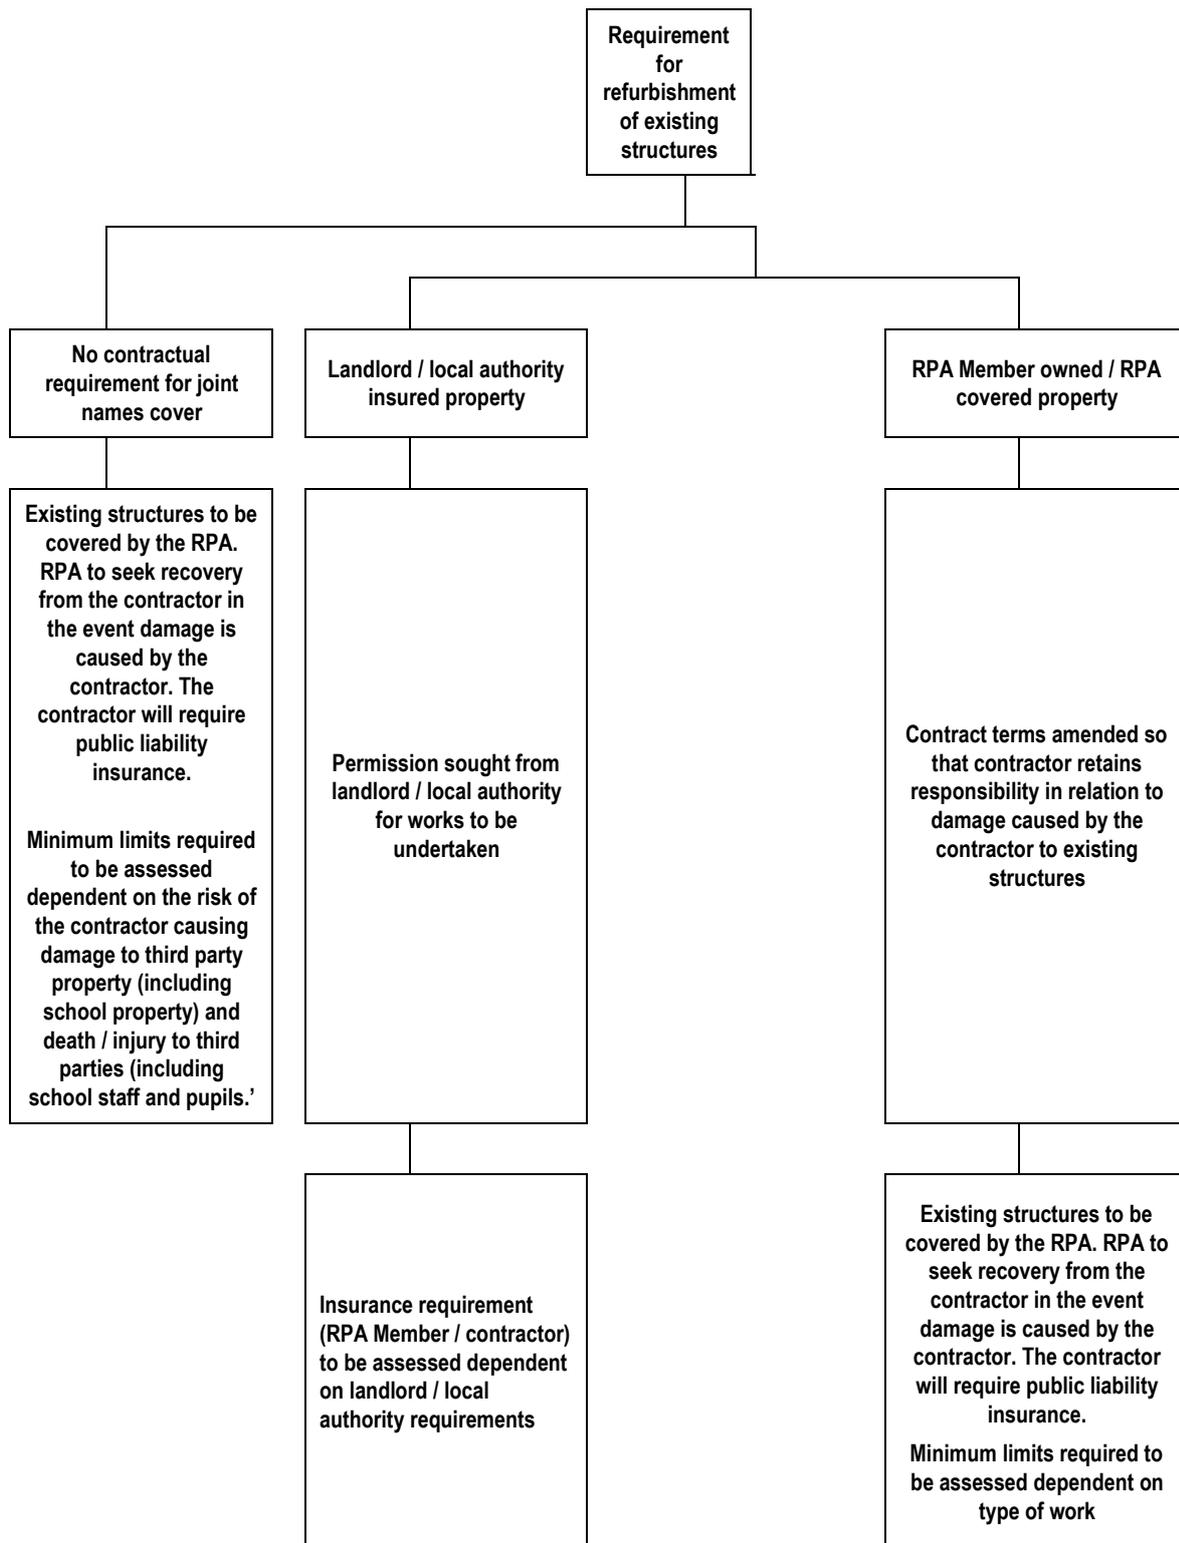

The options available to the RPA Member are as follows:

1. Contract works – either the:
 - a. RPA Member relies on the cover provided by the RPA (limited to £250,000 any one claim) and the contractor to retain any responsibility for any damage that he causes to the works. The contractor can cover this risk by way of a third-party public liability insurance policy; or
 - b. RPA Member takes out separate insurance for the works in the joint names with the contractor to cover the full value of the works for the duration of the works; or
 - c. RPA Member requires that the contractor takes out insurance for the works in joint names with the RPA Member to cover the full value of the works and for the duration of the works.

2. Existing Structures

PA Member to cover the existing structures under the RPA, the contractor to retain any responsibility for any damage that he causes to the existing structure. The contractor can cover this risk by way of a third-party public liability insurance policy. A decision tree in relation to the existing structures follows below:

Refurbishment – Decision Tree

Cultural Assets Valuation Service

How do I determine what a Cultural Asset is?

Cultural asset means Work of Art, Collectable, Heritage Asset or Antique and may include (list is not exclusive): paintings, sculptures, jewellery, china, curiosities, celebrity items, trophies, rare books, manuscripts, antique furniture, and tapestries.

How do I decide if I need a valuation?

The RPA Cultural Assets Valuation Service has devised a valuation decision tree tool (see below) for the use of RPA members who are considering having a cultural asset (CA) valued. Following the route through the tool will help you decide what action to take for valuing any cultural asset you have identified. It will help your school identify which items do not need a valuation at all, which need to be valued now and which may need a valuation done in the future.

Members can access the valuation service by going to:

www.rpaclaimforms.co.uk/culturalassetsva

How do I know what information is required for the valuation?

Request for Valuation: This is undertaken by using the RPA portal, which is designed to capture the information about your cultural asset necessary for an initial valuation to take place. Typically, you will need to provide supporting evidence (photographs and documents) as specified in the portal. If the initial assessment indicates that a more detailed assessment is required, the RPA team will contact you to arrange this.

How do I know what my assets are worth?

Once you have submitted your valuation request, your details will be assessed and passed onto a third party fine arts restoration company, who will provide one of three levels of valuation:

- Evidential Desk Valuation (EDV)
- Formal Valuation (FV)
- Valuation site visit or transport of item to valuers

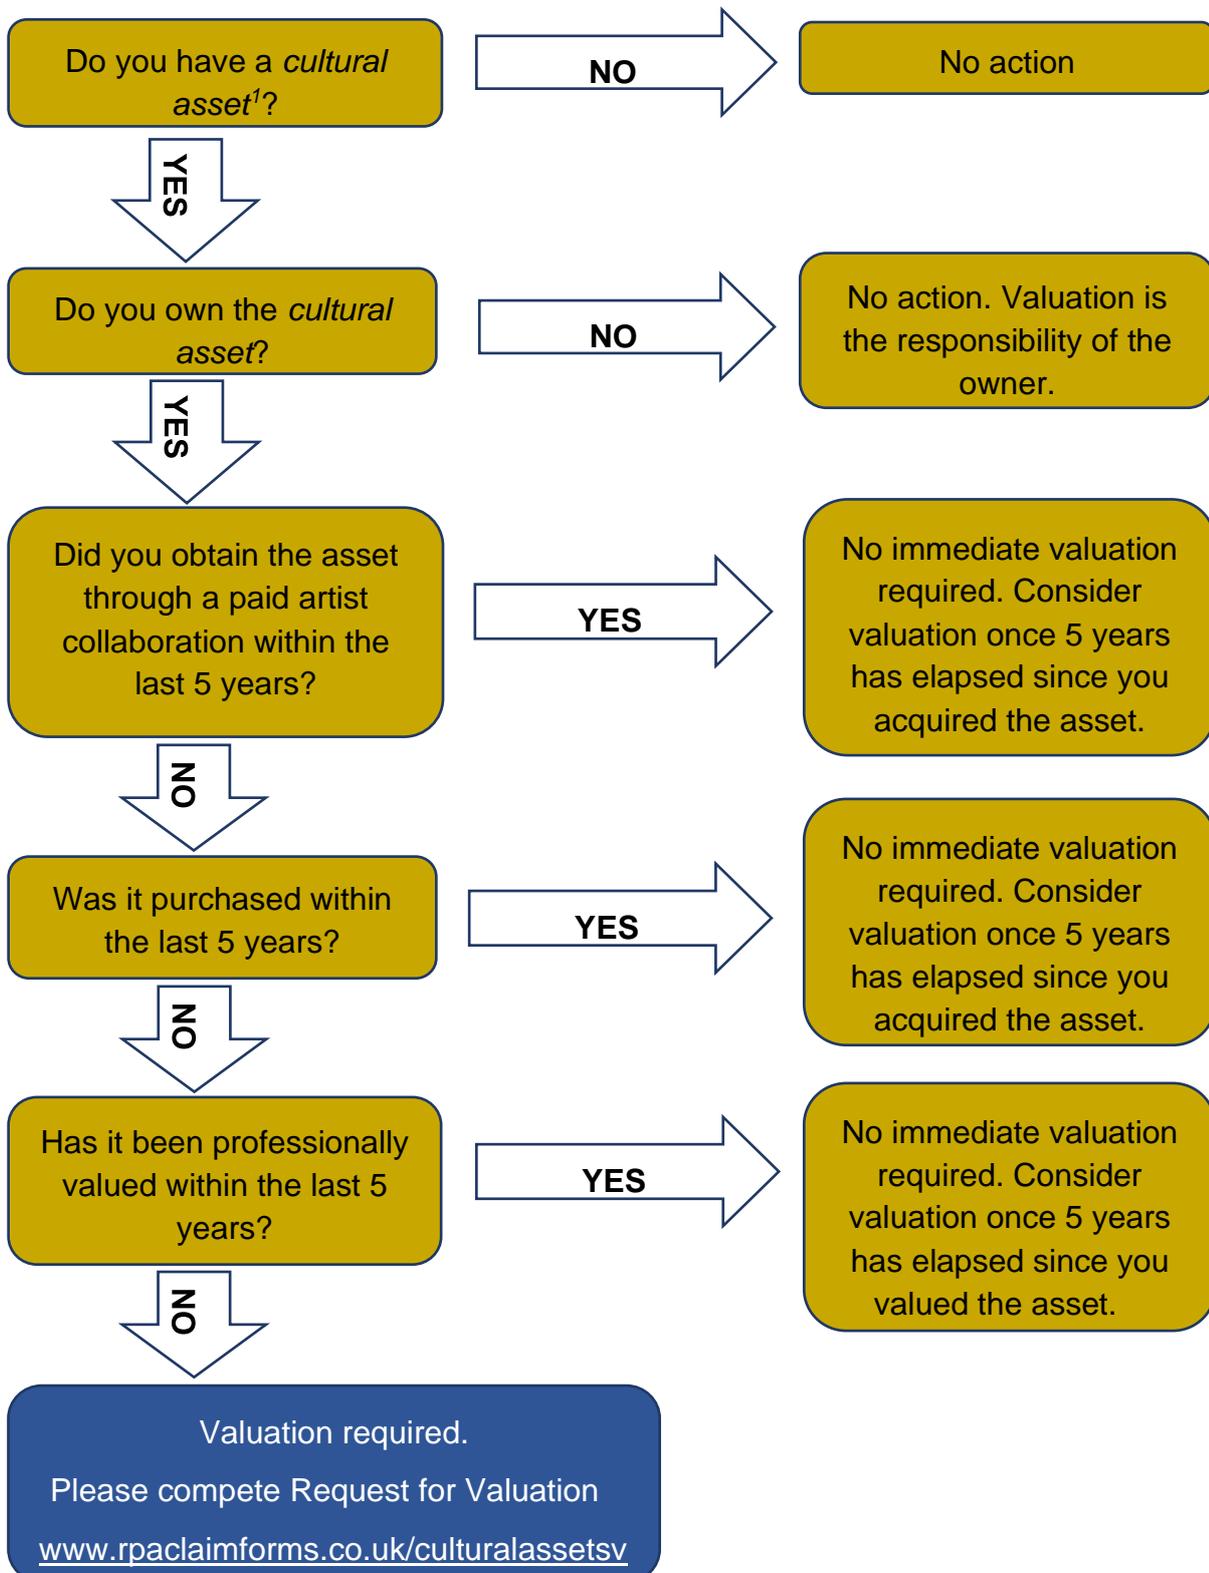

Once the valuation is complete, a report will be produced and issued to your school. This will provide you with a breakdown of each CA in the format of a photograph, description/measurement and valuation. The sum placed against each item or collection of items represents the value that they believe the item or items should be currently insured. This is based on the cost of replacement in the retail market or, where appropriate, in the second-hand retail market with items of a similar nature, age, condition and quality.

How can I be assured we have the relevant level of cover for the assets?

Should your valuation exceed the RPA limit of £10k per item, it will then be your school's decision whether to procure commercial insurance based on your risk assessment.
